

No.101 Track System

*Door panel is for reference only and is not included. Color may vary from the images

Leveraging more than 120 years of heritage, our No.101 sliding door track systems have been re-engineered for the 21st-century consumer to assure authentic and lasting architectural significance. These commercial quality hardware systems are available in two standard lengths and can accommodate 1-3/8" to 1-3/4" thick doors weighing up to 175lbs when installed properly. Each system is individually packaged and includes a 1" diameter track assembly with mounting brackets, No.1 cast iron door hangers, soft-stop system, blade style floor guide and installation hardware.
